Sherry Chalker
Village Manager
771 N. Queensway
Lake Isabella, MI 48893

Dear Sherry:

According to the records from your office and ours, the following lots are buildable in Golf Estates 2.

Sec. A: 242, 245, 251, 260, 268, 272, 276, 285, 289, 293, 297, 301, 305, 318

Sec. B: 348, 362, 436

Sec. C: No buildable lots

Sec. D: A total of 56 lots can be built-on. We have existing homes and issued permits for 40 lots; therefore, there are 16 buildable lots left.

The rules in Lake Isabella Airpark are restricted to a total of 15 on site sewage disposal systems. At the present we have record of five on site systems installed and eight issued permits that have not been yet installed. There are, therefore, two permits left for on site sewage disposal systems.

Sincerely,

Michael Kowaleski, R.S.
Environmental Health Supervisor

MK/ls
